**\*P3a. Description:** (Describe resource and its major elements. Include design, materials, condition, alterations, size, setting, and boundaries.)

Building N-254 is a two-story office and research facility with a concrete foundation, concrete and steel structural system, flat roof, and painted concrete exterior. The building's massing is composed of a large, two-story portion and a smaller one-story office addition on the south façade. On the west façade of the two-story mass is a large wall of fixed steel sash windows with mirrored glazing and a pair of glazed entry doors. Adjacent to these doors is a concrete loading dock with a small flight of concrete stairs. Along the east façade is a steel fire escape, complete with a fire door on the second floor. To the north are a series of doorways and a chain link fence. A tall concrete windscreen and a large satellite dish are adjacent to this building. The building is 11,180 sq. ft. in size.

This building appears to be in good condition.
